

SUSSEX AREA YOUNG ARTS

As we come to the end of another year, it is time to celebrate the wide variety of projects that have been undertaken by societies this year. They have made a real difference to all the young people involved and your interest and sponsorship does make a real difference. Thanks to all those societies involved.

REPORTING PROJECTS

It is now time to report your projects (if you haven't already done so) directly to The Arts Society via their website. All projects need to be reported by the end of the year in which they are completed. Societies also need to report their individual contributions to the area project for the West Dean Student for 2018/19, Samuel Matthews. Details of how to do this are e-mailed with this newsletter and are also on the Sussex Area website. PLEASE report your projects as we have a lot to celebrate in Sussex. I look forward to hearing about all your exciting projects planned for 2020.
