

SUSSEX AREA YOUNG ARTS

Young Arts in Sussex benefitted from contributions totalling £21855 in 2018. 14 societies reported a society Young Arts project/s which involved 4088 young people. All Sussex societies contributed to Young Arts in the calendar year 2018 by making a contribution to the sponsorship of two students at West Dean. This is a great achievement and Young Arts is thriving in Sussex. Please continue your efforts to engage young people in the arts and it will make a difference. If your society hasn't had a project yet perhaps 2019 is the time to begin.

New resources are being added regularly to The Arts Society website and recent additions include Safeguarding and Child Protection policies. Very many thanks to those societies that reported projects for 2018. It is the responsibility of all societies to report their completed projects each calendar year by the end of the year directly to The Arts Society via their website. This includes contributions to the West Dean student. The 'Arts Project Form' should now be used for this and 'How to' information is on the website. I look forward to hearing about all the exciting projects taking place in 2019.
